

How do I list a course on CDC TRAIN?

Eligibility

Only CDC programs, grantees and other CDC funded partners can list courses on CDC TRAIN. If you meet these requirements, please select "Become a Course Provider" at the bottom of the login box. Fill out the account form and submit. After submitting the approval request, please email TRAIN@cdc.gov to request an annual agreement form for CDC TRAIN course providers and indicate that you have created your account and submitted an account approval.

If you are not a CDC program or funded partner, please make your course provider request through the [TRAIN Learning Network](#).
